Question	
Survey Metadata	
Building ID	
Typology Selected	
Surveyor Name	
Date Submitted	
identification & location	
Survey Date	
District / Tehsil	
Village / Locality	
GPS Coordinates	
Building is constructed on (select all that apply)	
Surrounded by adjacent buildings?	
Exposed to natural hazards? (Select all that apply)	
Construction period relative to 2005 Kashmir Earthquake:	
Current Use of the building:	
Estimated Construction Age:	
Occupancy Status:	
Plan Information	
Total covered area [sq ft]	
Plan Shape	
Plan Sketch	
Non-structural elements	
Does the building have a parapet wall?	
Parapet Wall Height (ft)	
Parapet Wall Thickness (inches)	
Parapet Wall Material	
Does the building have a boundary wall?	
Foundation & Plinth	

Foundation Type:	
Foundation Material:	
Foundation Depth below Ground Level [ft]:	
Foundation Width (at base) [inches]:	
Foundation Condition:	
Plinth / Base Material:	
Plinth Height Above Ground Level [inches]:	
Damp Proof Course (DPC) Present?	
DPC Material	
DPC Thickness (inches)	
Foundation Soil Type	
Slope / Drainage around Building	
Is foundation exposed / vulnerable to erosion?	
Describe the Exposure or Vulnerability	
Remarks on foundation:	
Past Interventions & Damages	
Has the building undergone any past intervention/repair?	
Please Specify	
Observed Damage Type(s): (Select all that apply)	
Remarks	
General Remarks:
